through perfect solutions

Exhibit boxes for collectible items

The bound / riveted slip lid cardboard box for closed storage of exhibit or collectible items is available in different formats. You can select your box format to ensure that most types of shelves can be filled without any gaps.

We can produce an open format of collection boxes based on your specifications

Cover Folders / Drawing and Graphic Folders

For valuable individual pictures, documents, maps, plans and placards which may be stored in plan filing cabinets. Folder spines and flaps are bound using library linen cloth. Cotton closure bands available upon request.

Rolled Plan Boxes

The rolled plan boxes can be used for all plans, drawings, pictures etc. which are rolled up and stored. Further advantage is provided by easy access through the practical front opening with dust-protection flaps and great to stack.

The practical and easy folding design ensures quick box assembly.

For the adjustment of the interior format on different role heights we manufacture suitable balance pieces on request.

Threaded-Ribbon Folders

(Book-protection)

We offer threaded-ribbon folders to protect and stabilize your valuable books. They are made individually by hand (without use of metal parts).

Open on three sides, they allow a view of book spines.

The bottom flap protects covers and pages that may slip down. This allows books of various sizes and thicknesses to be archived.

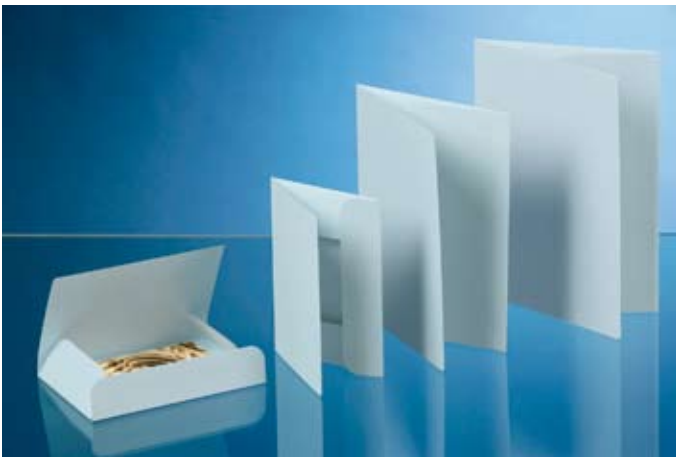

Archive Folding Cartons – Folding Design –

The Archive Folding Box may be used to store bundled or individual papers. Standard formats are chosen to guarantee full space use for most types of shelving.

The two-piece folding design is stackable and highly stable and offers space-saving storage.

The folding design ensures quick box assembly.

Flap Cover Folders

Classic protection for non-hole punched papers, suitable for folio/foolscap, DIN A5, DIN A4 and DIN A3 sizes.

Made of stable archive-grade solid board, the corners of the large-format flap cover folders are rounded for better handling.

The fine expandable chamfers allow a variable fill level from 30mm or 60mm and lend the folders an attractive form.

They are also suitable for archiving your valuable documents.

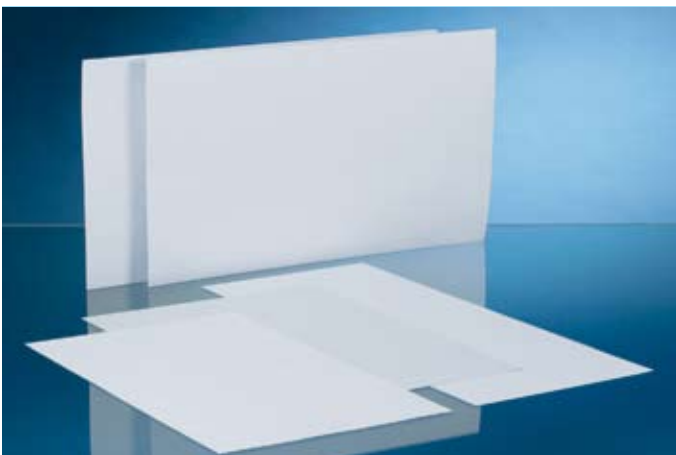

Also for archiving your valuable certificate suitable.

Cover Sheets / Cover Paper

Cover sheets are excellently suited for sectioning or to cover written papers, records, certificates etc. and all important pieces worthy of protection.

They are available in sizes and special formats.

Sheet Products / Cardboard Covers

As a cover page or protective cardboard for stabilization and protection of exhibition and correspondence, available in special sizes.

Sizes DIN A4 to DIN A6 on request, available as folio/foolscap and special sizes with vertical grooves and/or holes.
